

**Camp United We Stand** is a special type of camp. It does not receive any funding from counties or municipalities; instead, members voted that each pay \$55/month (\$45 veterans), which provides the absolutely necessary port-a-potty and garbage removal services. Our camp is partially self-managed by its members, and an unpaid Board of Directors provides fiduciary oversight, fundraising, and other assistance. We have no paid staff. Our members are our wealth: one camp member has **for several years been** an unpaid mechanical, electrical, and electronic worker for this camp, and many others contribute their life experience and talent.
